

HOW *SHUR FLO* WORKS

Rainwater from your roof drains through our patented perf-flow filtration system.

Leaves, pine needles, twigs and even the smallest debris are suspended on top of the panel. Air circulation from above and below allows most of the leaves and debris to dry up and blow away in the wind.

Shur Flo is installed to fit snugly to the top of your gutters. The low profile makes it virtually invisible from the ground.

With Shur Flo, there is no lifting or penetration of your roof shingles. Shur Flo **will not** void any roof warranties.

Cleaning your gutters is hazardous, dirty and time consuming.

SHUR FLO

THE END TO CLOGGED, OVERFLOWING GUTTERS

- No more gutters to clean
- Shur Flo keeps your gutters free-flowing... forever
- Adds years of life to your gutter system
- Professionally installed by a factory trained contractor

25 YEAR WARRANTY!

Another product from U.S. Aluminum, for 32 years a leading manufacturer of quality aluminum rain gutter products. A warranty you can depend on.

FREQUENTLY ASKED QUESTIONS...

WILL ANYTHING CLOG SHUR FLO?

No, the perf flow drain holes allow only water to enter your gutters. Your gutter will always remain free flowing.

WILL SHUR FLO WORK DURING HEAVY RAINFALLS?

Shur Flo's capacity for water greatly exceeds U.S. record rainfall amounts.

WILL I HAVE TO REPLACE MY GUTTERS?

No! Shur Flo can be installed on 5" or 6" gutters. Unless damaged, there is no need to replace your existing gutters.

HOW LONG WILL SHUR FLO LAST?

Manufactured with hi temper aluminum, it will never rust, rot or distort. WE GUARANTEE IT!

WILL SHUR FLO WORK WITH METAL, SHAKE, or TILE ROOFS?

Yes, Shur Flo is installed on top of your gutters. It performs well with any type of roof material or roof pitch.

WILL SHUR FLO WORK WHEN COVERED WITH WET LEAVES OR PINE NEEDLES?

Yes! Testing shows Shur Flo's filtration system keeps working even when covered by wet leaves and debris.
